

Team Legal 24/7

A brand new legal service for your business

We believe that businesses should have access to legal advice any time, anywhere. That's why we've created Team Legal 24/7, a brand new service that gives your business quick access to a wide range of skills and experience at an annual fixed cost that's less than an in-house counsel or senior lawyer.

How does Team Legal 24/7 work?

Team Legal 24/7 is part of our Business Services department. From our offices in the UK and our associations around the world, we'll deliver all the legal advice and support your business needs 24/7. You can always rely on us for help and personal attention. We'll also travel to see you for a face-to-face meeting wherever you are in the world.
